o **Weekly Summary**

Our team has set up regular meeting times to plan and discuss our progress. We are now also beginning to work on new features for the application. Existing features should all be merged this week as well.

o **Past week accomplishments**

- **Hongwei Wang**: In order to effectively plan for the upcoming semester, it is necessary to review the tasks completed during the previous semester. Building upon these past accomplishments, we must define the overarching goals for the current semester. Furthermore, it is essential to compile the availability of each team member to establish a regular meeting schedule that will facilitate consistent collaboration and progress.
- **Adin Huric:** Scheduled a meeting time with my group and revisited last semester's progress and identified areas for improvement.
- **Tabe Ekpombang**: Scheduled meeting time to discuss plan of action for this semester.
- **Mohammed Abdalgader:** Installed WebSocket package and connected it to MangoDB.
- **Dino Huric**: Scheduled meeting time for the group and plan to discuss more on progressing on the project.
- **Perry Ports**: Scheduled meeting time for the group.
- **Hunter Barton**: Worked on sprints for the semester.

o **Pending issues**
- Hongwei Wang: N/A
- Mohammed Abdalgader: Figure out how MongoDB can be connected to VS code
- Tabe Ekpombang: Connecting MongoDB with VS code.
